Travelport Mobile Agent is a native mobile application that allows Travelport-connected agents to access their GDS on Apple's iPhone, iPad and iPod Touch and on Android smartphones and tablets, supporting more than 3000 devices. This application offers full mobility to the travel agent just as travelers expect while enhancing travel agent's productivity and customer service level.

Travelport Mobile Agent supports all Travelport cores, Apollo, Galileo and Worldspan, and counts already 26,000 installations since its initial launch.

The campaign is available for subscription until December 31st, 2013. For more information, travel agents should contact their Travelport Sales Representative and request a 30-day free trial.
